RED CROSS APPEALS FOR HUNGARIAN FUND

The tragic suffering of the people of Hungary has caused every American to want to send help. This help has gone from the American Red Cross and it has been joined by other Red Cross societies throughout the world in rushing medical supplies, food, blankets, and other necessities to the stricken area. The Red Cross is the international agency that is now moving supplies into Hungary and supervising their distribution. As refugees poured into Austria, by the thousands, the Austrian government turned to the Red Cross to assume responsibility for the refugees. It is reported that more than 90,000 refugees have already crossed over the Hungarian border, and daily addition numbers pour into Austria. The needs continue to mount in Hungary as well as among the refugees who have escaped. The Red Cross must have additional funds to help meet the increasing need for food, medical supplies, clothing and other essentials.

There could hardly be a better way to show your Christmas spirit than by making a gift to these unfortunate people. Send or leave donations with your branch chairman, Vance Richardson, Bethel.

SHARE YOUR BLESSINGS

Hunger hurts...and today it is hurting more than half of the people in the world. Tiny children, their bodies only bones from malnutrition, seated around near-empty tables, fill their parents' hearts with despair. Some of these children have never known the contentment of a full stomach...they live with perpetual hunger.

Hunger hurts in almost every corner of the world.

In Greece, there are large numbers of war widows with children living on minute government doles of about 27 cents a day....

In India and Pakistan, with low incomes and relatively high prices, the people cut their food consumption down to starvation level, inviting tuberculosis and other malnutrition diseases....

In Korea, food is still needed by the resettlers. There has not yet been time for the land to be reclaimed and planted....

In Hong Kong, thousands of refugees have fled from Red China...many later migrated but of the two million who have remained, one million are classed as refugees....

In Europe, more than 50,000 Hungarians have become refugees in Austria....many are enroute to new homes....some are waiting to be resettled....and still others are coming.

They all need a helping hand in their time of need.

You can extend this helping hand....through the CARE Food Crusade. Each dollar to the CARE Food Crusade, Boston, or your local CARE office, will provide twenty-two pounds of nourishing food to "someone in need"....as a gift in your name.

Please care....and share your Holiday Blessings....through CARE.

A Civil Defense meeting will be held at the American Legion rooms next Wednesday evening, Dec. 12.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

Now that snow is with us again we have the usual problem found in all towns having some cars parked on the highways at night. It is rather too much I believe to expect the snow plow crews to clear the highways at night. It is difficult particularly during a stormy night to avoid hitting them with some part of the plow or wing. For the safety of your cars please see that they are removed from the highway by eleven thirty. Arrangements have been made with Bennett's Garage to remove any cars found in the way after this time at the expense of the owners. We will appreciate your cooperation in this.

We wish to call attention of persons who plow driveways and yards. Snow should not be plowed onto the highways unless it is absolutely necessary, because of lack of space. The snow must then be pushed as far as possible to the roadside and no accumulation left on the traveled roadway or sidewalks as stated in the above section. Town forces have neither the time nor money to dispose of, or handle snow deposited by individuals on the traveled ways. Please cooperate, push it back as much as possible and thus leave a clean, clear roadway. Piles or chunks of packed snow scattered around may cause an accident.

Section 23 of chapter 137 of the 1954 Revised Statutes reads as follows: "Placing obstructions on a traveled road. Whoever places rocks, stones, snow, ice or other obstructions in such a manner as to obstruct traffic on a traveled road and leaves them there shall be punished by a fine of not more than \$10 for each offense, to be recovered on complaint, to the use of the town where the offense is committed."

Thank you,
O. T. Rosello

ANNUAL G. A. VESPER SERVICE SUN., DEC. 16

Gould Academy's Annual Christmas Vespers will take place on Sunday evening, December 16, at 8 p. m. in the West Parish Congregational Church. These Vespers are truthfully one of the most beautiful events here in town. As usual we hope that a large group of people will come and help us to get into the Christmas spirit.

The musical program will feature some of the most unusual Christmas carols, leaving the familiar music to the more commercial outlets. The church itself will be adorned with all the decorations applied by the Home Economics Department, plus the traditional candlelight, which this year will be supplied by electric candles, and battery operated imitation candles, which are almost indistinguishable from real candle-light. Herbert Morton will read the invocation, to be followed by the first procession of hymns. The organ prelude will be played by Dawne Christie, who has the very important part of organist for all the music groups of this musical service. The Freshman-Sophomore Girls will then sing two carols, the English "The Friendly Beasts" and "The over-familiar 'Bring a Torch, Jeannette, Isabelle.'" After Kent Taylor's Scripture Reading, the Junior-Senior Girls' Glee Club will sing "To Mary in Her Garden," "The Holly and the Ivy" and the old French "Chant Noel" in which Ann Douglass will be featured as a solo voice.

As usual, at Christmas time, the unadorned quality of unchanged boys' voices seems to be most appropriate, and thus a picked group from the Crescent Park School here will sing "Saw Three Ships" after the reading of the Nativity Story according to St. Luke, by Ruth Willard.

The 17th century Echo Hymn, "While by My Sheep," will be sung by the Junior-Senior Girls and be echoed by the Freshman-Sophomore Girls, placed on the rear balcony of the church.

The Variety Glee club will feature an old German Christmas Story, called "Maria walks amid the Thorns," this arrangement is usually featured by the famous Trapp Family Singers. It will be sung first in its original German and later on in its English translation.

The sturdy hymn of "Good Christian Men Rejoice" sung in a Glee Club arrangement will be followed by the over-popular "Carol of the Bells." After the Benediction, given by Marjorie Morton, the Freshman-Sophomore Girls' Glee Club will use the second stanza of Brahms Lullaby, which is appropriate for the occasion. They will sing it in its original German. A literal English translation reads: "Good Evening, Good Night, Watched over by Angels, Who will show you the Tree of the Christ-Child in your Dream Sleep Blessedly and Sweetly, See Paradise in Your Dream."

The congregation will be asked to follow the Glee Clubs out of the church, while singing "O Little Town of Bethlehem." The poster publicly in town: Sandra Gienle and Sally Webber.

The following are members of the Boys' Choir from the Crescent Park School: Helmar McMullen, Tucker Heath, Allan Swan, Maynard Morgan, Greg Howe, Charles Mills, Ralph Jackson, Tim Hutchins, Dale Kimball, Harry Kimball, Jim Davis, Steve Anderson, Greg Glick, Al Gower, Dwight Gordon, Steve Walhouse, Frank Swan, Tom Chadbourne.

BETHEL VALUATIONS AND TAXES LISTED

As many Bethel people have been more tax conscious than previously during the past few weeks, it seems that a listing of valuations and taxes assessed will be of interest. This issue of the Citizen includes a complete list as recorded on the Town books. These figures of course are subject to change as supplementary taxes are charged and abatements may be granted.

The total valuation of \$3,917,510.89 this year is based on actual values and this is much greater than in other years, and also accounts for a lower rate of taxation. The 1953 valuation of \$1,860,000 gave a tax rate of \$72.00 per \$1,000, while the present valuation brings the rate down to \$26.40 per \$1,000. Naturally the total of taxes assessed must meet the appropriations approved by the voters, so the average tax will be some 11 per cent higher than last year.

The largest resident taxpayer is P. H. Chadbourne & Co., with a bill of \$3,797.70 and valuation of \$143,855.95. With associated Chadbourne companies and interests their valuation reaches \$332,500. Highest non-resident taxes are charged to the Central Maine Power Co., with the Portland Pipe Line Corporation a runner-up.

It may be of interest to note that exemptions granted to veterans and the blind amount to \$71,505, which would have given the town about \$147 in taxes or reduced the rate slightly.

See pages six and seven for the complete list.

To do this we must insist that accounts of week end events be in this office by the following Tuesday noon unless otherwise arranged.

GOULD ACADEMY

Gould Sid News

A new 40 meter jump has been constructed this year at the Gould ski area. Since the close of the football season Coach Paul Kelley and members of the ski team have been busy completing the construction of the new jump. This new jump plus the rebuilding of the old 30 meter jump are the most notable improvements in the line facilities at the Gould ski area which now ranks as one of the best school ski areas in New England.

Though the new jump has not been used as yet the recent snow falls have made possible the use of the jump on the 10 meter hill located on the campus. Conditioning work for the team and limited cross-country workouts have been going on for some time.

About twenty boys are competing for team berths and working out daily to mold the 1957 team. Captain of this year's team is Richard Saunders of Bethel. He is a veteran of last year's state championship Gould team.

The schedule for the Gould ski team has not been completed as yet. The first scheduled dual meet is set for January 12 with the Middlesex School of Plymouth, N. H. On January 19 a triangular meet is scheduled at Bethel with the Lyndon Institute of Lyndonville, Vt., and the Kents Hill School.

Three very good matches really made it a great week at the CA's with the first round of the year's bowling coming to a close the competition is getting rougher. The Vets took Central Alleys 1978-10-1412. Guy (Paint Bucket) Parker was high for the evening, and year so far, with a 254, for the Alleys Ken Delano had 204.

The A&P and the Lions had a "split" good one, 1404 to 1446, with the Lions on top. "Target Shooter" Wing was high with a 263. Stan "Chipper" Fox, was 284 for the grocery boys.

Bennett's Garage and the Masons also had a close one, with the Masons on top 1218-1311.

In the grammar school, Jimmy Bartlett's team won over Tommy Chadbourne's. Frankie Swan was high for both teams with a 184. The winning team had two free strings apiece for the prize. It is hoped more of the youngsters will show up Saturday morning.

I'm sure it will be of interest for all the bowlers to know that a doubles tournament has been organized. Starting Sunday at 2 p. m. Hub Wheeler and Ken Delano are bowling the first five strings. Come on down and watch it.

Wishes Come True for Maine 4-H'ers

The personal wish of Maine 4-H Club members—state honors and a trip to the National 4-H Club Congress in Chicago—came true this year for four teenagers whose 1956 records of performance were superior in the national 4-H Boys' Agriculture, Clothing, and Tractor programs.

For best performance in the 4-H Boys' Agriculture program, Robert Barker, 19, of North Leeds was named state winner. In addition to gaining a broader knowledge of agricultural practices, he instills in others a pride and respect for agriculture.

Throughout his seven years in 4-H work, Robert's various projects included 11 cattle, one and three quarters acre of corn, five pigs and 1,390 pullets and hens. One of his cows produced a record of 490 pounds of butterfat.

Besides doing her own sewing, she teaches younger 4-H members proper sewing techniques. Although much time is devoted to her favorite project, clothing, she completed 29 others including canning, foods, home improvements, as well as junior leadership.

Sylvia made 163 exhibits and 10 demonstrations in addition to sewing as local 4-H club president and secretary. Frances Taylor is her club leader.

profits from which financed other projects.

He made 28 exhibits, 11 demonstrations and participated in 13 judging and 19 showmanship events. Winning top honors in many, Robert served as president and assistant leader, deserving much credit for the rapid growth of his club, led by Mrs. Robert Grant.

Donor of his trip is International Harvester, which has supported 4-H work for more than 25 years.

Sylvia Wood, 17, of Belfast is now in her eighth year of Club work. As state 4-H Clothing winner, she is the guest of Coats and Clark at the Club Congress. Having a remarkable flair for making clothes, Sylvia has completed her wardrobe of 157 garments.

Judgment are important factors in getting the most out of the 4-H Tractor program, and Allen Gammon, 19, of Warren has all three. A week at Club Congress provided by American Oil is his reward. A 4-H'er for nine years, Allen learned that care is more important than repair for maximum tractor operation.

He completed four years in the tractor program, giving two tractor demonstrations. As the only boy in the family, Allen is responsible for most of the tractor work on the farm because his father is employed elsewhere. He also works for neighbors with his tractor. His mother, Mrs. Ervin Gammon is his 4-H leader.

All these programs are conducted under the direction of the Cooperative Extension Service.
